

## Pass it along...

(Chinese whispers for 5 woodwind instruments)

Eoin O'Keeffe, 2005

Each player should try and imitate from memory the melody played previously by the player with the matching Roman numeral and using the notes provided.

Each melodic bar lasts 16 beats (at a tempo of crotchet = 120).

The 'greyed out' bars are silent and last the number of beats written in the bar.

|          |                 |                 |                 |                 |                 |                   |                   |                   |                   |                   |                  |                  |                  |                  |                  |                   |    |                   |
