

Nurturing the composition and performance of new Irish music.

MUSIC INFORMATION COORDINATOR Information For Applicants

August 2023

Background

The Contemporary Music Centre (CMC) is Ireland's resource centre for new music, documenting, developing and promoting the work of composers and performers of contemporary music throughout the island of Ireland and abroad.

The Centre is used, nationally and internationally, by performers, composers, promoters and members of the public interested in finding out more about music in Ireland. Its library and sound archive, open to the public free of charge, contain the only comprehensive collection of music by Irish composers in existence. Extensive reference and advice services are available and the Centre's web site provides access to CMC's resources for those who cannot visit in person. CMC is a member of the International Association of Music Information Centres (IAMIC).

CMC is seeking a Music Information Coordinator to commence in September/October 2023

Reporting to the CMC Director, this position is full time for a fixed-term period of 12 months. Salary is available on request. The Music Information Coordinator will be required to work at the CMC's base, 19 Fishamble Street, Dublin on at least three days per week, with the capacity for remote working for the remainder of the working week.

All applicants will receive equal opportunity irrespective of gender, civil status, family status, sexual orientation, religion, age, disability, race, ethnicity or indigenous status.

Position Description

The Music Information Coordinator is a key position within CMC, and is responsible for the cataloguing, maintenance and development of CMC's specialist collection of contemporary music from Ireland and provides support to composers represented by CMC, composers on the CMC emerging composers programme, and members of the public using the Centre's library.

Music Information Coordinator Duties:

- Cataloguing, maintaining and developing the CMC's unique collection of twentieth and twenty-first century art music from Ireland, including researching and inputting information into the library databases
- Providing support to and liaising with composers represented by CMC in relation to scores, recordings and materials related to their works
- Providing support and research assistance to performers, conductors, music organisations and other key client groups in relation to CMC's collection
- Providing support and research assistance to members of the public both in person and through CMC's online library and archive services
- Developing the collection by researching and acquisition of new materials, including scores, recordings, events, radio broadcasts, concert programmes, images, articles, theses, digital objects and ephemera
- Initiating and collaborating with CMC staff colleagues in the delivery of online features which promote CMC's unique collection and increase engagement by a broader audience
- Assisting in the development of the CMC's library and information systems, and CMC's online library and information services
- Assisting in the management of the Centre's Sound Archive and digitisation services
- Assisting the Production Coordinator and Finance & Operations Coordinator in the provision of the centre's score copying and production services
- Presenting publicly on CMC's collection nationally and internationally
- Regular attendance at performances of works by CMC composers nationally and internationally
- Participating as required in the day-to-day work of the Centre
